

# 2020 NAPD MEMBERSHIP BENEFITS

Annual dues are \$25/person for full org memberships (with a cap)  
\$30/annually for individual memberships

Since its formation at the very end of 2013, NAPD has grown to be an association of more than 22,000 public defenders and public defense professionals. NAPD is committed to: a client-centered representative model that addresses the holistic needs of the client; sharing resources across jurisdictions so that we can grow stronger as a national community; providing relevant resources on the most pressing issues in public defense for every profession essential to high-quality public defense delivery; and remaining a member-led movement that is affordable and accessible across the spectrum of public defense systems. We have over 150 organizational members and offer individual annual memberships. Each NAPD member has secure (password-protected) access to our resources, listservs and charting the path of NAPD. Whatever you need, we are confident that the collective expertise of our community can provide timely support. **Please join us!**

## NAPD RESOURCES: WHEREVER YOU ARE, WHENEVER YOU NEED IT

- Annually NAPD produces nearly 40 interactive, 60-90 minute webinars on relevant topics from the nation's top faculty, and stores more than 250 video-recorded webinars in its Webinar Archive
- NAPD supports national listservs for leaders, communicators, investigators, social workers, recruiters, racial justice reform, as well as specialized practice listservs, including 'sexually violent predators'
- The NAPD Amicus Committee is responsive to issues in public defender offices and issues significantly affecting indigent defendants; it submits 12-15 original amicus briefs each year
- NAPD is tackling the vital issue of getting workloads under control by conducting workload assessments and studies and providing technical assistance on workload issues
- The Systems Builders Committee reforms organizations through technical assistance and leadership mentoring
